Tuesday at 6:00 PM. This game will focus on enjoyment and improving fundamental skills. The game is for individuals with little or no club experience, or ACBL members with fewer than 20 masterpoints. We also welcome experienced bridge players if they would like to bring novices to introduce them to the wonderful world of duplicate; however, masterpoints are only awarded to novices.

Each game starts with a 20 minute lesson and then a relaxed duplicate game, where you can ask questions and get help, if needed.

Tuesdays and Thursdays 6:00 PM – 9:30 PM introductory bridge class.

Wednesdays at 2:30 PM is a 2-hour lesson where we will learn new conventions, and techniques and practice them. After each hand I will review with you: the bidding, play, and defense. Anyone from novice to fledgling club players will be able to learn something new. All are welcome!

Fridays at 9:45–10:15AM Teacher: Mark "Shark" Aquino

Please join us for the Shark's excellent free talks before most Friday games.

Friday at 2:00 pm -We have supervised play. All abilities are welcome but some basic bridge knowledge is helpful. This is a drop in lesson (no commitment, come once, you well love it!). Each class we play then dissect each hand to focus on improvement, and ways to sharpen our bridge judgment.
