

Bob Bertoni

Overview: I am running for District Director and am asking for your support.

I support the ACBL's of goals Membership, Volunteers, and Technology that were identified by President Whipple in the Bulletin.

I have demonstrated my ability to work with individual players, executive boards, and committees to achieve our shared goals.

I work to increase membership and tournament participation both with the 0-49 effort in EMBA, return of KOs in the District.

My motion passed by the March BoG, will extend temporary memberships for new players.

My background in IT uniquely qualifies me to contribute to the ACBL's efforts in this area.
