

## BRENDA MONTAGUE

When I'm not cruising around the world—teaching, directing and recruiting new players—I'm teaching, directing or playing in Massachusetts, New England or at the Nationals. I have been a speaker at EMBA events and I currently serve on the EMBA board. I have chaired several regionals, sectionals and am currently serving on national committees, including the ACBL Goodwill Committee and the ACBL Board of Governors. As a bridge teacher, I have earned the title of "Master Teacher" from the American Bridge Teachers' Association, for which I am the regional director for New England. I enjoy being part of Audrey Grant's Better Bridge Team, and I especially enjoy mentoring newer players. It would give me great pleasure to be able to continue to represent you on the EMBA board.
