

LYNN DUNCAN

I am excited about the possibility of serving on the EMBA Board. Being a delegate for District 25 has heightened my interest in becoming more involved in the decision-making at the EMBA Board level to help meet the needs of all our members. As an urban planner for over 30 years working for various municipalities, most recently as the Director of Planning & Community Development for the City of Salem, MA, I developed the skills of communicating, problem solving, and working with people to reach shared goals. Now (mostly) retired, I believe that these skills are important assets that I would bring to the EMBA Board.

Our shared goal is to sustain this wonderful game of bridge at all levels, from beginner to world class, as well as encouraging newcomers to the game. If I am fortunate to be elected, I would listen to members about your interests and issues, and communicate back to the Board as your representative. I would be open to new ideas and to learn from past experiences of current Board members to solve problems and create new opportunities. From the ACBL to our local clubs, many have stepped up to provide diverse opportunities for online play. I look forward to seeing you all (partners and opponents!) when it is once again safe to play face to face.

When I am not playing bridge these days, I am gardening, reading, or cleaning out my basement.

I would appreciate your vote. Thanks!

Lynn
